#### Additional information

Full text of classification: see section 16

# **SECTION 4: First aid measures**

	precote 2 coating	
Print date	11.11.2020 <sup>°</sup>	Revision date 03.12.2018
Version	1.1	Issue date 27.11.2018

EN Page 2 / 6

#### 4.1. Description of first aid measures

#### **General information**

No special measures are required.

#### Following skin contact

Wash hands thoroughly after handling.

#### After eye contact

Rinse cautiously with water for several minutes.Remove contact lenses, if present and easy to do. Continue rinsing.Seek medical advice immediately.

#### After ingestion

If swallowed, rinse mouth with water (only if the person is conscious). Seek medical advice immediately. Keep victim calm. Do NOT induce vomiting.

# 4.2. Most important symptoms and effects, both acute and delayed

In all cases of doubt, or when symptoms persist, seek medical advice.

#### 4.3. **Indication of any immediate medical attention and special treatment needed** First Aid, decontamination, treatment of symptoms.

#### SECTION 5: Firefighting measures

#### 5.1. Extinguishing media

Suitable extinguishing media alcohol resistant foam, carbon dioxide, Powder, spray mist, (water) Unsuitable extinguishing media strong water jet

5.2. Special hazards arising from the substance or mixture Dense black smoke occurs during fire. Inhaling hazardous decomposing products can cause serious health damage.

## 5.3. Advice for firefighters

Provide a conveniently located respiratory protective device. Cool closed containers that are near the source of the fire. Do not allow water used to extinguish fire to enter drains, ground or waterways.

#### SECTION 6: Accidental release measures

- 6.1. Personal precautions, protective equipment and emergency procedures No special measures are required.
- 6.2. Environmental precautions No special measures are required.
- 6.3. Methods and material for containment and cleaning up Take up mechanically, placing in appropriate containers for disposal. Clean using cleansing agents. Do not use solvents.

#### 6.4. **Reference to other sections** Observe protective provisions (see section 7 and 8).

# SECTION 7: Handling and storage

#### 7.1. Precautions for safe handling

#### Advices on safe handling

No special measures are required.

Further information

No special measures are required.

#### 7.2. Conditions for safe storage, including any incompatibilities

### Requirements for storage rooms and vessels

Store in a cool dry place.

#### Hints on joint storage

No special measures are required.

#### Further information on storage conditions

Take care of instructions on label. Store in a well-ventilated and dry room at temperatures between 15 °C and 30 °C. Protect from heat and direct sunlight.

	precote 2 coating	
Print date	11.11.2020	Revision date 03.12.2018
Version	1.1	Issue date 27.11.2018

EN Page 3 / 6

#### 7.3. Specific end use(s)

Observe technical data sheet. Observe instructions for use.

## SECTION 8: Exposure controls/personal protection

#### 8.1. Control parameters

# Occupational exposure limit values

not applicable

## 8.2. Exposure controls

Personal protection equipment

#### **Respiratory protection**

No special measures are required.

#### Hand protection

Wash hands thoroughly after handling.

## Eye/face protection

No special measures are required.

#### **Body protection**

No special measures are required.

#### **Protective measures**

After contact clean skin thoroughly with water and soap or use appropriate cleanser.

#### **Environmental exposure controls**

Do not allow to enter into surface water or drains. See section 7. No additional measures necessary.

### **SECTION 9: Physical and chemical properties**

#### 9.1. Information on basic physical and chemical properties

Appearance: Physical state: Colour:	solid refer to label
Odour:	characteristic
Odour threshold:	not applicable
pH at 20 °C:	not applicable
Melting point/freezing point:	not applicable
Initial boiling point and boiling range:	not applicable
Flash point:	not determined
Evaporation rate:	not applicable
flammability Burning time (s):	not applicable
Upper/lower flammability or explosive limits: Lower explosion limit: Upper explosion limit:	not applicable not applicable
Vapour pressure at 20 °C:	not applicable
Vapour density:	not applicable
Relative density: Density at 20 °C:	1,10 g/cm³
Solubility(ies): Water solubility (g/L) at 20 °C:	easily soluble
Partition coefficient: n-octanol/water:	see section 12
Auto-ignition temperature:	not applicable
Decomposition temperature:	not applicable
Viscosity at °C:	solid
Explosive properties:	not applicable
Oxidising properties:	not applicable

	n date 03.12.2018 ate 27.11.2018
--	-------------------------------------

EN Page 4 / 6

## **SECTION 10: Stability and reactivity**

#### 10.1. Reactivity

No information available.

#### 10.2. Chemical stability

Stable when applying the recommended regulations for storage and handling. Further information on correct storage: refer to section 7.

#### 10.3. Possibility of hazardous reactions

## 10.4. Conditions to avoid

Hazardous decomposition byproducts may form with exposure to high temperatures.

10.5. **Incompatible materials** not applicable

### 10.6. Hazardous decomposition products

Hazardous decomposition byproducts may form with exposure to high temperatures, e.g.: carbon dioxide, carbon monoxide, smoke, nitrogen oxides.

#### **SECTION 11: Toxicological information**

Classification according to Regulation (EC) No 1272/2008 [CLP] No data on preparation itself available.

#### 11.1. Information on toxicological effects

#### Acute toxicity

Based on available data, the classification criteria are not met.

### Skin corrosion/irritation; Serious eye damage/eye irritation

Based on available data, the classification criteria are not met.

### Respiratory or skin sensitisation

Based on available data, the classification criteria are not met.

CMR effects (carcinogenicity, mutagenicity and toxicity for reproduction)

Based on available data, the classification criteria are not met.

### STOT-single exposure; STOT-repeated exposure

Based on available data, the classification criteria are not met.

#### Aspiration hazard

Based on available data, the classification criteria are not met.

### **Overall Assessment on CMR properties**

The ingredients in this mixture do not meet the criteria for classification as CMR category 1A or 1B according to CLP.

### Remark

There is no information available on the preparation itself .

## **SECTION 12: Ecological information**

Classification according to Regulation (EC) No 1272/2008 [CLP] There is no information available on the preparation itself . Do not allow to enter into surface water or drains.

12.1. Toxicity

Based on available data, the classification criteria are not met.

### 12.2. Persistence and degradability

Toxicological data are not available.

## 12.3. Bioaccumulative potential

Toxicological data are not available.

## 12.4. Mobility in soil

Toxicological data are not available.

#### 12.5. Results of PBT and vPvB assessment

The substances in the mixture do not meet the PBT/vPvB criteria according to REACH, annex XIII.

12.6. Other adverse effects

	precote 2 coating	
Print date	11.11.2020	Revision date 03.12.2018
Version	1.1	Issue date 27.11.2018

EN Page 5 / 6

No information available.

## **SECTION 13: Disposal considerations**

#### 13.1. Waste treatment methods

#### Appropriate disposal / Product

#### Recommendation

Do not allow to enter into surface water or drains. Can be incinerated together with household waste in compliance with applicable technical regulations following consultation with approved waste disposal management companies and authorities in charge.

#### List of proposed waste codes/waste designations in accordance with EWC

080112 waste paint and varnish other than those mentioned in 08 01 11

# Appropriate disposal / Package Recommendation

Non-contaminated packages may be recycled.

### **SECTION 14: Transport information**

#### No dangerous good in sense of this transport regulation.

- 14.1. UN number
- not applicable 14.2. UN proper shipping name 14.3. Transport hazard class(es) not applicable 14.4. Packing group not applicable 14.5. Environmental hazards Land transport (ADR/RID) not applicable Marine pollutant not applicable 14.6. Special precautions for user Advices on safe handling: see parts 6 - 8 **Further information** Land transport (ADR/RID) tunnel restriction code Sea transport (IMDG) EmS-No. not applicable

## 14.7. Transport in bulk according to Annex II of Marpol and the IBC Code No special measures are required.

#### **SECTION 15: Regulatory information**

#### 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

# EU legislation Directive 2010/75/EU on industrial emissions VOC-value (in g/L): 0,000 National regulations 15.2. Chemical Safety Assessment

Chemical safety assessments for substances in this mixture were not carried out.

#### **Further information**

Classification according to Regulation (EC) No 1272/2008 [CLP]

The information supplied on this safety data sheet complies with our current level of knowledge as well as with national and EU regulations. Without written approval, the product must not be used for purposes different from those mentioned in chapter 1. It is always the user's duty to take any necessary measures for meeting the requirements laid down by local rules and regulations. The details in this safety data sheet describe the safety requirements of our product and are not to be regarded as guaranteed attributes of the product.
